Philosophy and Mission

Mission Statement

Veritas Classical Schools assist homeschooling parents by partnering with them to communicate the truth, train the mind and cultivate the heart in a Christ-honoring atmosphere.

Goal

The goal of Veritas Classical Schools is to offer homeschooling families a unique complement to their home study programs with an emphasis on a classical Christian model of education. Veritas Classical School is a non-traditional private school which functions in the role of tutor, assisting parents in their educational roles.

Classical Christian Approach

It is not uncommon for homeschooling families to feel the need for assistance in the *planning* and structure of curricula, in providing *motivation* for their students, in the *teaching* of various special subjects, and in the objective *evaluation* of their students' work. Veritas provides homeschooled students with dynamic peer interaction in an academic atmosphere where challenging discussion, debate, and idea-analysis are encouraged.

Veritas Classical Schools provide homeschooled students:

- **Integrated core curriculum** in history, literature, composition, grammar, critical thinking, and vocabulary/language with **regular assignments** to complete at home.
- **Accountability** for completed assignments.
- Teaching of **advanced subjects**.
- **Enrichment activities** not frequently included in homeschool studies.
- **Evaluation** of the student's progress by experienced educators.
- Weekly **classroom peer interaction** in an academic environment.

Purpose

The purpose of Veritas Classical Schools is to help mold students into thinkers, young men and women who do not simply “regurgitate” information, but rather analyze, critique, and affect the world by applying biblical wisdom to their lives, families, and communities. It is our objective that students learn to THINK, Biblically and logically, and not just blindly memorize seemingly unrelated and irrelevant facts required to do “well” on tests. The Veritas student is taught to be a lifelong learner, to consistently evaluate and critique relevant issues, and to always seek to skillfully communicate his/her thoughts. All students at Veritas Classical Schools are taught factual and philosophical truth, are taught to evaluate the messages they are receiving from the world around them and are taught to defend their beliefs in a persuasive manner.

Philosophical Perspective

Veritas Classical Schools recognizes that God has ordained parents as the agents responsible for the academic and spiritual nurturing of their children. We endeavor to assist parents by presenting a Christian worldview which teaches children to love God with all their hearts, minds, souls, and strength.

*Study to show yourself
approved unto God.
II Timothy 2:15*

Admissions and Fees

Candidates for Enrollment

The student who will prosper in Veritas Classical Schools is one who is being reared in a family that values academic, spiritual, and moral education. He or she is from a family which understands the home to be the primary educational entity in the child's life, but which also sees the value of a positive tutor/mentor and peer group interaction in a small group setting. The student who has a strong work ethic and has learned to appreciate the rewards of work well done will find that while the Veritas approach may be rigorous, it is not burdensome. The ideal Veritas family seeks an education that will prepare the child to grow in wisdom, and stature, and in favor with God and man.
